Development Department

G.O. Ms. No. 1975 Dated 20-4-1948
Read the following:-

G.O. Ms. No. 603 Dev. dated 7-2-48
Letter from the Joint Director of Agriculture No. H.1-735/48 dated 5-3-48

O r d e r :-

In G.O. Ms. No. 603 Development dated 7-2-48 read above, the Government ordered that, with the abolition of the village Committees which were issuing permits for iron and steel raw materials, such as cart tyres and axles, and certificates for agricultural implements, the Agricultural Demonstrators might themselves distribute iron and steel raw materials and implements to the ryots according to the strict priority of applications. The Joint Director of Agriculture now reports that priority lists have been maintained only for cart tyres and axles even before the formation of the Village Committees and that if both iron and steel raw materials and implements are to be distributed as ordered in the above G.O. the work of the Department will be considerably increased and sales will be affected to a large extent. He therefore suggests that, as there is ample stock of agricultural implements, it is not necessary to maintain priortiy lists for them- The Government accept the recommendations of the Joint Director of Agriculture and direct in partial modification of G.O. No. Ms. 603 Dev., dated 7-2-48 that priority lists need only be maintained for cart tyres, axles and corrugated iron sheets. The Director of Agriculture and the Board of Revenue (Civil Supplies) are requested to issue necessary modified instructions accordingly.
